FADE IN:

EXT - TATOOINE -DAY

A man (early 20s) is walking along the sand dune, he is exhausted. His clothing is ragged and torn.

He reaches for his belt where a jug of water is tied. The man tries to drink from it, but it's empty.

He sits down and throws the jug.

He lays his head on the sand and looks to the sky. He notices a spaceship fly by.

He hears a faint HUM. He looks around and shrugs it off.

The man closes his eyes and drifts off.

CUT TO:

INT - KALI'S SPACESHIP - SAME TIME

KALI (early 20s) enters the cockpit of her spaceship.`1

She is tall with dark features. A BLACK BORZÚM TATTOO can be seen on her shoulder, the marking of a powerful Sith sorceress.

Her gaze alone makes the body go cold. Her BLACK CAPE flows and extends outward following her like a dark shadow.

She is utterly terrifying.

KALI shoves her brother MANSON (early 20s) out of the control seat.

MANSON, akin to his sister shares her dark features. He has sunken eyes having suffered the weight of his sister's wrath, yet hidden behind them is a fire for destruction.

KALI

I don't know why I thought you of all people would be of any help.

MANSON

I'm the best Ataru fighter you have.
If you were to fail-

KALI

Silence! You can't follow simple

coordinates let alone best me in battle.

MANSON

I'm avoiding Republic ships. Any interference with the enemy is unneeded.

KALI

A Sith would destroy their enemies, not avoid them.

This stings MANSON.

MANSON

(coldly)

I'm no Sith, remember? Dooku trained you. You're the one with the Force.

Silence. You can see the jealousy burning in MANSON's eyes.

KALI

Do you understand what is at stake here brother?

MANSON

Yes.

KALI

There is a threat to the dark side. The children of the Force will rise if we don't intervene. We cannot let them become Jedi. They will spread like a disease.

MANSON

Then why are we stuck in the outer rim territory? I thought the map led us to the Endor system? Your map.

KALI

No, you idiot.

MANSON grows quiet

KALI

Something is telling me it's here.

KALI closes her eyes. She hears a faint HUM. The same HUM that we heard earlier.

MANSON
Oh, you *feel* it?

This shakes KALI out of her trance.

KALI
Get out.

MANSON
No.

KALI turns to MANSON. Her hand resting on her LIGHTSABER.
He knows what she is capable of.

KALI
Don't underestimate me, brother. We
may be bound by blood but that is
where it ends.

MANSON is silent. For a moment he looks as if he is going to
fight back, but it is fleeting.

KALI
We are going to find them. And I will
kill whoever gets in my way.

MANSON and KALI share a look of darkness.

KALI and MANSON sit in the control seat and set the ship up
to take off.

CUT TO:

EXT - TATOOINE - A FEW HOURS LATER

The mystery man has been sleeping for hours. The HUM can be
heard. He grimaces in annoyance in his sleep and turns over.

The HUM continues.

He plugs his ears.

This seems to make it grow louder.

ILO
Can you just stop!

ILO's voice seems to echo through the lonely planet,
silencing the HUM.

ILO sits up, realizing the HUM has stopped. He sighs in relief and lays back down.

A few moments pass by. He looks down at his JUG of water. It's at least 10 feet away. He reaches an arm out in laziness.

The jug moves slightly.

ILO is disturbed by this. He stands up and rubs his eyes. He steps down the sand dune and grabs his jug.

As soon as his fingers touch the jug, the HUM returns. He takes his hand off in disbelief.

ILO

What?

The sand beneath the jug begins to VIBRATE.

ILO starts to dig. As he digs in the sand the HUM grows louder.

He wipes sweat from his brow and continues to dig, finally hitting something hard.

He stops and stares at what appears to be an OBJECT wrapped in CLOTH.

The HUM is unbearably loud at this point.

He pulls the CLOTH SACK out of the ground and begins to unravel it.

His eyes grow wide as the sack reveals two LIGHTSABERS.

The HUM begins to fade away.

ILO reaches a hand out shakily and touches one of the sabers.

A WHISPER can be heard.

WHISPER

The force is strong in my family.

ILO takes his hand away.

ILO

Who said that!

He looks around and sees nothing. After a few moments, he

reaches back for the saber and picks it up. It's heavier than he thought.

Ilo stands up with the saber, holding it out in front of him. He doesn't quite know what to do with such a weapon.

He holds it out in front of him, preparing to unsheath it.

ILO
Okay, here we go.

A VOICE breaks.

ALDEN
Hey! Kid!

ILO turns around, hiding the saber behind his back.

A lanky man approaches on the ridge. He's smiling charmingly.

ILO
Can I help you?

ALDEN
(approaching)
Just saw someone up on the ridge out here, wanted to make sure they were okay. Loners don't stand a chance out here. Not with Tusken Raiders and whatnot.

ALDEN is now in front of ILO

ALDEN
Name's Alden.

He extends a hand out in front of ILO.

ILO stares at him for a moment, unsure, then shakes it.

ILO
Ilo.

ALDEN
So, what's a kid like you doing out here all alone?

ALDEN looks down, noticing the sabers.

ALDEN
...and with two of those?

He pauses.

Are you a Jedi?

Ilo pulls the lightsaber from behind his back.

ILO

What? No. No. I just found these.

ALDEN

Mhm. So if you aren't a Jedi, what are you?

ILO

My -er folks and I were from a moisture farm. Got sacked by the Hutts.

He pauses for a moment.

Its- it's just me.

ILO looks out in the distance. His face grows dark.

ALDEN

Hey kid. I'm sorry.

(pause)

Look, me and some other guys are hitching it out at a base camp not too far from here. Bout a day's trek.

This catches ILO's attention.

...you can join us for a night. We got fresh food and water.

ILO nods and picks up the other saber, hitching them both to his BELT.

ILO

Thanks.

The two begin walking down the ridge. The two SUNS can be seen in the sky, it's almost sunset.

As they walk away, ILO looks back to where he found the sabers.

A WHISPER can be heard.

WHISPER
Remember who you are.

ILO stops and looks at the sabers.

ALDEN
You comin?

ILO shakes this off and follows after Alden.

CUT TO:

EXT - KALI'S SHIP ON TATOOINE - SUNSET

KALI steps off of her SPACESHIP, followed by MANSON. She has a burning fire in her eyes.

The pair exit the ship, and begin to climb up the dunes.

They arrive at the site where ILO was hours before.

KALI kneels down and places her hand on the sand, closing her eyes.

A faint HUM can be heard.

MANSON
Well?

KALI
We're close.

MANSON watches her intensely as she takes a few steps further.

She finally stops.

KALI
It should be here. Dig.

MANSON begins to dig through the sand. His face growing more worried as he digs.

He searches and searches but can't find anything.

He stops digging

KALI
Why did you stop?

MANSON is silent.

KALI
What is it.

MANSON
They- they aren't here.

KALI
What do you mean they aren't here...

Angered, KALI begins to furiously dig through the sand.

I don't understand. It led me here!

MANSON
There's nothing here.

KALI
No. It's not possible!

MANSON
Kali, the sabers aren't here. We've failed.

KALI
Stop! Just stop!

Things fall silent.

KALI notices something BROWN off in the distance. She extends an arm out.

Using the force, the OBJECT shoots towards her.

It's the BROWN JUG.

KALI looks at the jug.

Fury begins to creep onto her face.

MANSON
Kali?

She doesn't hear this.

Her hand clenches the jug tightly as her breath becomes ragged.

MANSON
Can't you see it! We have failed! The

sabers aren't here!

Suddenly, KALI begins to FORCE CHOKE her brother, shutting him up.

MANSON grabs at his throat, struggling for breath.

KALI stands up, still choking her brother.

She holds no light in her eyes as she glares out in the distance, finally releasing MANSON from her hold.

He drops to the ground, clutching his throat, gasping for air.

KALI
Be careful not to choke on your words
brother.

CUT TO:

EXT - REST POINT ON TATOOINE - SUNSET

ALDEN and ILO came out in a nook in the deserts of TATOOINE, near the vast salt flats that stretch for miles.

ALDEN is sitting and eating.

In the distance, ILO takes out a SABER.

ALDEN
So kid, why'd the Hutts go after you?

ILO
I betrayed them.

ALDEN
You betrayed them?

ALDEN turns around.

ILO walks towards him and sits.

ILO
My folks weren't making enough to keep us afloat. My father enlisted as a bounty hunter to help.

ALDEN
The bounty industry is tough terrain. I had a friend Marsh Ton go into it.

Told him I had a bad feeling about it.
He didn't last so long.

ILO grows quiet.

ALDEN
So what happened?

ILO looks away.

ILO
My father was killed on a mission.

ALDEN
I'm sorry, that's tough.

ILO
I was young. Don't really remember
him. My grandfather mostly raised me.

ALDEN
Sounds like a good man.

ILO
He was.

Silence.

ILO stands up.

ILO
After a while, my grandfather grew
weak. We started losing money again.
So I did what I had to do.

ALDEN
Bounty hunting? What kinda work did
they make you do?

ILO
It doesn't matter. They trained me to
be a fighter. Wanted me to steal for
them, petty theft.

ALDEN
So how does petty theft turn into you
being orphaned and on the run?

ILO
They put a bounty out for someone.

ALDEN

And?

ILO

I was enlisted on that mission. They wanted me to go into bounty hunting.

ILO pauses, reminiscing.

He starts to walk away.

I said I wouldn't do it. I refused. The next day I went out, just needed some air. I left my grandparents there. I just-I just went out. When I came back, everything was on fire. I heard blasters going off inside the house. I ran in and saw them. Dead. By a Mandalorian no better.

He picks up one of the sabers. ALDEN sits and listens as ILO walks away with the saber and stops.

I refused to do what they wanted, so they killed my family.

ALDEN

How old were you?

ILO

13

Silence.

ILO still holding the saber and facing away from ALDEN.

ALDEN stands up and turns to ILO.

ALDEN

(dead serious)

What are you gonna do about it?

Suddenly ILO unsheathes the lightsaber. It emits a bright blue glow, illuminating his face.

ILO

I'm gonna kill them.

ILO turns to ALDEN. His face has grown dark.

ALDEN stares at him for a moment.

ALDEN
My mama always said I wasn't much of a
fighter.

ILO
(confused)
What are you trying to say?

ALDEN
(lightly)
I don't have much going for me. I see
something in you kid. You're going to
need some backup if you want to get
out of there alive.

ILO face softens.

ALDEN
And you got two of those sabers.

CUT TO:

EXT - REST POINT - NIGHT

ALDEN is sleeping.

ILO turns in his sleep. He is restless.

WHISPER
Ilo.

ILO turns again.

ILO
(Mumbles)
No.

Sudennly, we enter ILO's dream.

CUT TO:

INT - ILO'S MIND - DREAM SEQUENCE

DARTH SIDIOUS
Execute Order 66

Shots of order 66 play out.

We see a JEDI that looks eerily similar to ILO pull a CLOAK
over his head and walk away. It is ILO's GRANDFATHER.

He drops his LIGHTSABER as the sounds of the fighting continue.

CUT TO:

The fallen JEDI is now looking at a WOMAN, they are in love. She is holding a BABY, the baby cries.

CUT TO:

ILO stands in the middle of the salt flats on Tatooine. It is daylight in his dream.

He hears a VOICE

JORDERI
My Grandson.

ILO turns around and is met by his grandfather.

ILO
Grandfather!

JORDERI appears as a FORCE GHOST. He is wearing a ROBE.

JORDERI
You must fight the darkness in you.
Revenge is not the way of our people.

ILO
You lied to me, Grandfather! You were
a Jedi!

JORDERI
You must know this. We did it for your
protection. Please, understand this.
There isn't much time.

ILO
What do you mean?

JORDERI
There is a disturbance in the Force.
Those sabers you hold are from a
powerful family. They were buried
along with their secrets long ago.

ILO looks at the sabers.

JORDERI
She will be coming for them.

ILO
Who? And what secrets?

JORDERI
A powerful sith sorceress. The dark side of the force is strong with her and I sense it in her brother as well. If she gets those sabers, she will know every force-sensitive child in the galaxy.

ILO unsheaths the saber, staring into the blue light.

ILO
The kyber crystals
He looks back, but JORDERI is no longer there.

JORDERI'S VOICE
Ilo my boy, the fate of the Force is in your hands.

ILO
But I'm not ready, I'm not a Jedi!

JORDERI'S VOICE
One is never ready.

ILO
But Grandfather! Please! I need you!
ILO cries out to the sky.

JORDERI'S VOICE
I will always be with you.

ILO
(Screaming)
Grandfather!

EXT - SALT FLATS - MORNING

ALDEN
Kid!

ILO's eyes open to harsh sunlight. He covers them.
He sees ALDEN standing over him, looking quite concerned.

ALDEN
You left me. Wandered off into the

night. I found you here.

ILO is understandably confused. He looks around. He is in the same place where he had dreamt his father visited him.

This thought shakes him.

ILO
My Grandfather!

ALDEN
What?

ILO
He- I- He was a Jedi.

ALDEN
A Jedi? How?

ILO
He hid. For his whole life, to protect
my parents. To protect me.

ALDEN places a hand on ILO's shoulder.

ILO
I have to protect these.

ILO pulls out the sabers.

ALDEN
Protect them? Why?

ILO
I just have to. We can't draw any
attention to ourselves.

Off in the distance, a blaster can be heard.

ALDEN
I don't like the sound of that.

ILO looks at ALDEN

ALDEN
So much for not drawing any attention
huh?

The two run towards the sound.

A man is lying on the ground clutching his stomach.

It is MANSON

MANSON

Please, you have to help me.

ILO crouches down next to MANSON, concerned.

ILO

Who did this to you?

MANSON

She did.

ILO turns around to see KALI, with a lightsaber to ALDEN's neck.

ILO turns back around to MANSON

ILO pushes back, kicking MANSON

MANSON takes out a dagger and has it at ALDEN's throat

KALI

So this is who we've been searching for.

KALI walks around ILO, her RED SABER pointed out.

ILO

Who are you?

KALI smiles

KALI

Kali Dooku, granddaughter of Darth Tyranus. I believe you have something that I want.

ALDEN

Ilo don't!

MANSON holds ALDEN tighter

MANSON

Keep your mouth shut or I'll shut it for you.

KALI

Hand the sabers over.

ILO
They don't belong to you.

KALI swipes at ILO with her saber, ILO dodges but falls in the process.

KALI laughs

KALI
Here I was thinking you were some Jedi.

ILO wipes dirt off his cheek and stands up.

Suddenly he strikes at KALI with a fury.

They spar for a while.

KALI
Do you understand what I can do to you? To your friend?

ILO looks to ALDEN, struggling to breathe in MANSON's grip

Suddenly ALDEN kicks MANSON back, ILO swipes his leg under KALI, forcing her to fall.

KALI uses the force and throws ALDEN far back, knocking him unconscious.

ILO
No!

ILO charges at KALI, fighting with everything he has in him.

ILO
I am no Jedi!

He manages to knock her to the ground, her saber rolling away.

We see a hand reach out for it.

The saber flies through the air and into MANSON's hands.

He stares at it in disbelief.

He has the force.

Like a switch, his eyes dart to KALI.

KALI stares at MANSON, terrified.

KALI
It's not possible.

MANSON slowly walks toward KALI and ILO

He unsheaths the saber and continues to walk.

ILO braces for impact but is thrown back by a flick of MANSON's hand.

MANSON
I've been waiting for this.

MANSON holds the saber out in front of him.

KALI holds her arms above her face, bracing for impact.

MANSON drops the saber.

KALI
What?

MANSON
For 25 years I have been nothing to you.

KALI begins to struggle to breathe.

KALI
I-

She is choking.

MANSON
And finally, I become something.

He cocks his head.

-what was it that you said to me?

KALI lifts off the ground in a force choke.

Don't choke on your words sister.

With that, she drops dead to the ground.

We then cut to ILO, who gasps for air and pulls himself toward an unconscious ALDEN.

ILO
Alden. Wake up.

ALDEN doesn't move. He isn't breathing.

ILO
Alden! No! Please we have to go!

JORDERI's voice is heard.

JORDERI'S VOICE
HE has become one with the force.

ILO holds ALDEN's body, rocking.

MANSON stares at KALI's dead body.

Suddenly ILO rises, ready to fight MANSON

MANSON turns around and gives ILO a look.

The two stand there for a while, in absolute silence.

MANSON turns around and leaves.

He won't kill ILO.

ILO takes a breath. Then turns back to ALDEN.

CUT TO:

EXT - SALT FLATS - SUNSET

ILO stands by a grave, marked with ALDEN's blaster.

He sits in the sand.

ILO
Goodbye friend.

He then stands up and unsheaths one of the sabers, looking into its blue center.

He sheaths is, pulls his hood up, and walks away into the binary sunset.

FADE OUT
